

# LiveShare PARTNER WITH US

## Overview

Your wedding services help to create special memories for your customers. However, most couples only capture a small percentage of those memories. LiveShare delivers a **wedding memory capture platform**, crowdsourcing and sharing photos from guests in real time across large screens placed at the venue, as well as on a private site.

### Stand Out

You'll be viewed as offering the latest wedding services and technology.

### New and Exciting

LiveShare provides a live, interactive experience for your customers to collect "living" memories in real time.

### Referral/Reseller Program

Join our referral/reseller program and add an additional revenue stream with LiveShare.
